\*The event format is subject to change depending on the situation of the spread of COVID-19.  
Latest information on the event will be posted on the Japan Healthcare Venture Summit (JHVS) Symposium website.

## Purpose

Ministry of Health, Labour and Welfare is implementing various initiatives for establishing a positive cycle (ecosystem) for promoting practical applications of superior seeds discovered in the academia and other sectors and fostering healthcare ventures.

In order to further accelerate these initiatives,

we will hold Japan Healthcare Venture Summit 2023 Symposium at Tokyo Midtown Yaesu Conference.

The symposium will be held with an aim to serve as an opportunity for developing the ecosystem network by showcasing various measures for healthcare ventures or industry trends and by holding panel discussions with industry stakeholders and other programs.

We sincerely hope that many people from healthcare ventures, academia, leading companies, supporting organizations, etc. will participate in this symposium.

Starting Time	Program
10:00	Opening remarks
10:05	Keynote Panel: Healthcare Ventures Creating a Vision for Overseas Expansion
11:15	Award Winners Panel: Global Expansion Strategies
13:40	SaMD Venture × Big Company Collaborations
